In order to place the DAILY and WEEKLY NEWS within the reach of all, we will send them for a period of four months at the following rates:

LOCAL MATTER.

E. C. WOODSON, City Editor.

KILLED BY LIGHTNING.—During the severe storm of yesterday evening, a negro boy by the name of Archy Lanier, was killed by a stroke of lightning at the residence of Terrill Gill, Esq., near the Central depot. The boy, only 13 years of age, was setting in a chair near the fire place; the lightning struck first the chimney, and passing down, tore off the bricks over the fire place, which striking the boy on the head caused death instantly. The bolt passing from the fire place, struck the petition wall of the residence, injuring Mr. Gill and his daughter in an adjoining room.

The next door neighbor of Mr. Gill, who was standing in his door at the time, was also severely shocked.

KILLED BY A RUNAWAY HORSE.—Dr. E. D. Gill, a prominent citizen of Granville county, and quite a young man, left his home one morning last week to attend a pic-nic in the neighborhood. He was afterwards found in the road dead, terribly bruised and mutilated, and his buggy torn to pieces, near his body. The supposition, as also the verdict of the Coroner's jury, was that he was killed by his horse running away.

THE OX THIEF.—The ox thief referred to yesterday morning, was arrested by special officer, J. M. Forest, who carried him out to House Creek Township, where he was tried by Justice Hays. He gave his name as Louis Tate, though he may have had a half dozen *aliases*. He was found guilty and bound over to the next term of Wake Superior Court in a bond of $400, in default of which, he was sent to Hotel de Lee, for safe keeping.

UNION SHUTTLE SEWING MACHINE AGENTS WANTED.—We invite especial attention to the advertisement in another column of this machine. Mr. Jas. D. Otts, the General Agent for this State and South Carolina, desires to establish agents in every county in the two States, and offers more than usual inducements to the same. It is claimed that the Union Shuttle is the lowest priced locked-stich machine in use.

A WELL MERITED COMPLIMENT.—The Democratic Republican Committee of Indiana, has, at the suggestion of Judge R. N. Greesham, of Louisville, Ky., who has recently declared himself a Liberal Republican, invited Judge Merrimon, of North Carolina, to stump the State.

THE CIRCUS IS COMING.—Boys hold on to your dimes, old John Robinson is certainly coming, with a bigger show than ever before. His advance Agent, Col. F. H. Baily, is now in the city making arrangements for his appearance.

RAIN, RAIN, RAIN.—Nothing but rain all day yesterday. Ye local could not move abroad, as some rascal recently stole his umbrella, and even if he had halt a dozen, and visited every point in the city, the result would have been the same as for as local items are concerned.

THE GREELEY AND BROWN CELEBRATION LAST NIGHT!

A Large Turnout and an Enthusiastic Time!

GRAND DISPLAY OF FIREWORKS AND THE FIRING OF CANNON!

Eloquent Addresses from Judge Merrimon and Others.

Notwithstanding the heavy rains yesterday and the inclement weather last night, the Greeley and Brown demonstration was a most happy success, it being participated in by the best citizens of the place and from the surrounding country.

At 8 o'clock the procession formed in front of the Governor's mansion and proceeded up Fayetteville street, preceded by the Raleigh Brass Band. There were many hundred transparencies and other lights in the line, the centre one being twelve feet high, eight feet in diameter, moved upon wheels, and was covered with mottoes, such as "The Union Restored," "Eager to Clasp Hands Across the Bloody Chasm," "The President must be a Statesman," "Fenton," Schurz," &c. The other transparencies were filled with such mottoes as "A Little Pool Dried Up, Now for Long Branch," "Settle Settled," "McKay sent to the Kitchen," "A. S. Merrimon, Legal Governor of North Carolina," "Democratic Legislature."

Almost every business house and private dwelling along the line of march was brilliantly illuminated, and a general good feeling was manifested on every hand, the ladies everywhere smiling upon the procession.

The column first halted at the residence of James H. Separks, Esq., who addressed the crowd for a few minutes in a most happy manner, predicting that the late glorious effort of the Conservative party of North Carolina to overthrow Radicalism would end in the State giving a large majority in favor of Greeley and Brown.

The residence of Judge Merrimon, the gentleman who lately so gallantly led the Conservative cause in North Carolina, was next visited, and in response to loud calls from the vast assemblage, said in substance:

My Friends and Fellow-Citizens:

I am greatly obliged by the complimentary call, and I tender you my cordial thanks for it. I appreciate it as a work of respect to me personally as well as a manifestation of the deep interest you feel in the success of great fundamental principles which underlie and sustain your hopes of free government, honestly and faithfully administered in your highest, best and dearest interests.

A great political battle has been fought, and although it does not now appear that we have realized all we could desire, nevertheless, a noble victory has been won. Indeed, it remains to be seen whether our victory and triumph are not complete.

Free government and civil liberty have triumphed through the instrumentality of the ballancing powers of government. The people have asserted through the like measures, their right to rule, and their power under circumstances the most adverse, to cast off a political despotism which had fastened itself upon their vitality. They have in a measure restored hope, they have laid the ground work for their successes and triumphs which will surely bring a restoration of wholesome government, of public confidence and general prosperity. We have solid cause for rejoicing and congratulation. And let us rejoice and be glad! I congratulate you! I felicitate with you! I rejoice with you!

But our work is not done. We need to ascertain the full measure of our success and secure that. And let us understand and appreciate the fact, that another great battle is to be fought in November next. Our free system of government as a nation is in peril. It has been been prostituted to factious and sinister purposes, until we to-day live under a practical despotism. The time is not one for political party ascendancy, it is not a question of past party affiliations and party records of public men, but it is a question of whether free government shall last and triumph and bless the American people on the one hand, or whether a practical despotism shall triumph and the American people become a nation of subjects and slaves! That is the issue before the American people and upon which they will be called to pass in November next.

It is, therefore, we find the patriots of all parties and without reference to past party records and affiliations, laying down the prejudices of a life time upon the altar of their common country, and coming up as one man to the support of Greeley and Brown for President and Vice President. It is not a question of party, it is a question of *country or no country*—it is a question of whether the government of Washington and our fathers shall live or die!

Whatever has been said of Mr. Greeley's record, and his past political avocations, all men of all parties accord to him *honesty and patriotism*. That is much indeed in these degenerate times! He is not before the country as a partisan or as the candidate of a party, and hence if he shall be elected, he will go upon the Constitution freer from party trammels and obligations than any man since the days of Washington. He can have no motive to do otherwise than administer the government under and through the Constitution, and thus in the best interests of the American people. This is what the country needs. We need to naturalize public sentiment—we need a national patriotism, and this cannot come by *despotism and force*—it can only come through the free and complete operation of the Constitution and a peaceful and fraternal policy reaching and embracing the whole people. Let us prepare for the great contest, resolve to make an effort and a sacrifice worthy the great and glorious end to be secured.

Again fellow citizens, I thank you for this call, and congratulate you. I rejoice with you in all the sincerity of my heart. I bid you good night.

Judge Shipp, who was present, responded brefly to calls, congratulating his friends upon the vigor with which they had set out upon the new campaign, notwithstanding the late apparent defeat, and predicted that in November Radicalism would be wholly overcome in North Carolina.

At the National Hotel the crowd was addressed in a most happy manner by Edmund Jones, Esq., Representative elect from Caldwell. At the Yarboro House Messrs. D. M. Barringer, Thos. J. Jarvis, of Tyrrell, and Josiah Turner, Jr., made brief addresses. Next the residence of Judge Fowle was visited, and that gentleman briefly addressed the crowd. We would like to give a synopsis of the speeches made by the different gentlemen, but find it impossible to do so this morning.

The celebration was in every respect a success, and much credit is due the gentlemen who were its chief movers.

There is no question that in November the Conservatives of North Carolina will endeavor to wipe out the small majority lately obtained by Radical fraud.

In the procession were a number of persons from Durhams, among them eleven colored men. We learn there are fifty colored Conservatives at that precinct, and it is expected that a hundred will be polled there in Nvoember.

The evening passed off without any disturbance, with the exception of several rocks being thrown into the column by some blacks, one or more parties being injured thereby. Some of the offenders were caught in the act and promptly arrested.

A fine display of fireworks was given along the whole route, and a cannon sent forth a Conservative note every few minutes.

WELDON ITEMS.—The following items of interest are furnished by our Weldon correspondent under yesterday's date:

The new iron bridge of the Petersburg railroad that crosses the Roanoke, about two miles below here is completed. The abutment and approaches to the bridge on the Northampton or the north side of the river are now in course of construction and it is calculated that trains will be able to cross in about a month.

The bridge proper, exclusive of the abutments, is four hundred and sixty-four feet long and about forty feet high above the river at low water.

Yesterday Mr. Reddin Neville, an old and respected citizen of this county, while walking over the trestle work of the Wilmington Railroad a short distance this side of Enfield was struck by the engine of the mail train going south, and so terribly injured that his life was despaired of, he was alive, however, this morning. The unfortunate gentleman saw the train approaching and stepped to the end of the timbers to avoid it, but he mis-calculated the width swept by the train; the engine struck him and knocked him off into the marsh below.

PERSONAL INTELLIGENCE.—N. R. Jones, the Sheriff elect of Warren county, is in the city. Notwithstanding the fact that Warren county is Republican by a large majority, yet in the well ordered affairs of this good old county Sheriff Jones was re-elected by the unanimous vote of both parties. He has now been fourteen years in office, and is known as the best Sheriff in the State. Such is his reputation at the Treasury office and with the Bar of the State.

Col. F. H. Baily the advance agent of John Robinson's Circus and Menagerie, is registered at the Yarboro.

C. B. Green Esq., the editor of the Durham *Tobacco Plant*, at the head of 15 or 20 members of the Durham Greeley & Brown Club, arrived in the city yesterday afternoon, to participate in the Grand Demonstration advertised for last night.

Col. Samuel Ruffin, of Alabama, is at the Yarborough.

GRANVILLE TOBACCO SALES.—A lot of tobacco grown by B. F. Hester was sold yesterday by Messrs Reams & Walker, of Durhams, for $145 per hundred.

Also one lot for Dennis Tillery for $157 per hundred.

Durham's as a tobacco market is winning for itself golden opinions, as these figures truly indicate.

STREET FIGHT.—A Greeley negro who had the audacity to wear in the streets of Raleigh a Greeley badge, was attacked by a Grant negro who attempted to take from him his badge. Greeley couldn't see it in that light and went for him. A slight skirmish ensued, in which nobody was hurt.

LECTURE ON THE MAMMOTH CAVE.—Dr. Pritchard invites the Sabbath Schools of Raleigh to hear a lecture on the Mammoth Cave, of Kentucky, on Sunday afternoon, at 4 o'clock, in the Baptist Church.

A GOOD YIELD.—H. H. Burke, Esq., of Pittsboro, the popular proprietor of the hotel in that place, raised the past season from 3¼ acres 90 bushels of wheat. Good for Chatham.

MIDNIGHT DISPATCHES.

Radical Convention of Alabama---The Liberals and Democrats.

MONTGOMERY, August 16.

The indications reported on yesterday, were verrified by the Radical repudiation convention. C. C. Shebe, Consul to Elsinores and Alex. White, a member of Congress twenty years ago, were nominated for Congressmen at Large. Lewis E. Parsons, W. J. Gilmore, J. L. Pennington and L. C. Corilson, for Electors.

The platform consists of four resolutions. The first endorsing the Philadelphia platform and nominations. The second favoring internal improvements, on as liberal scale as is consistent with prudence and ecomomy.

3rd says it is the duty of Congress to enforce their rights under the 14th and 15th amendments by permanent legislation. 4th relies on the exertions by the rising generations as a means by which the liberty and free government is to be preserved, and opposes disfranchisement except for crime, after due conviction.

The Liberal and Democratic State Executive Committees after full and free conference, at Talladega, coalesced and nominated the following mixed ticket for electors at large: C. C. Langdon, of Mobile, R. O. Pickett, of Lauderdale, Democrats; W. B. Figures, of Madison, W. T Hatchett, of Montgomery, Liberals. For alternates, J. F. Waddell, of Russell, and H. A. Agee, of Monroe, Democrats; A. C. Buford, of Marshall, and W. S. Mudd, of Jefferson, Liberals. The session was harmonious and steps taken for a vigorous campaign. No Liberal is on the State ticket because it was nominated before the Baltimore Convention, but the support of the party is pledged to the ticket notwithstanding.

Celebrations in Ireland—Disturbances—Geneva Board of Arbitration.

LONDON, Aug. 16.

The passage of the repeal of the party processions act was generally celebrated throughout Ireland yesterday by the Roman Catholics, and in some places there was disorder.

At Belfast the procession through the streets was stoned by a large crowd of persons. The processionists returned the attack, and scenes of terrible excitement ensued. The rioters were finally dispersed by the police, not however, until one man had been shot.

A slight disturbance occurred in Dublin, and several persons were wounded, there was no disturbance in Londerry.

A despatch from Geneva says the American representatives before the Board of Arbitration anticipate receiving damages to a large amount from England. Many consider the presence of Cohen in Geneva favorable to such a result. It is also stated that the Americans have decided to require the nomination of a board of assessors should the gross sum not be awarded by the tribunal.

In the meanwhile there is great activity in the military and naval arsenals of both powers, as war is looked upon as certain should General Mitre's mission prove unsuccessful.

The Geneva Board of Arbitration adjourned till Monday. Steampfi, the Swiss arbitrator, to-day said that he hoped all the work of the Board would be finished in three weeks.

IRREVERENCE.

"THERE MAY BE SOME DEMOCRATS PRESENT WHO ARE REPENTANT AND I LIKE TO PREACH TO SINNERS. YOU HAVE HEARD OF THE FELLOW WHO SAID, 'I CAME NOT TO CALL THE RIGHTEOUS, BUT SINNERS, TO REPENTANCE.'"—*Delano in his speech at Raleigh.*

OUR UNIVERSITY.

In the general wreck of our institutions, the great devastation which has been inflicted upon North Carolina, there is one which is a source of great pain to the people of our State. In other and better days it was the boast of our people, their chief pride, to point to our University and her past record.

Her sons hailed from every State in the South, and some from the North, and wherever they have been they have reflected credit upon their *Alma Mater.*

Around the time spent in her classic walls cluster the most pleasant recollections of a life. It was there that the ambition of youth received its greatest stimulus, associations there formed make a bright spot in the history of her sons.

From that institution men, distinguished in theology, law, in fact, in every walk of life, have gone forth and have all borne testimony to the enduring affection which her graduates have for it.

To-day, her halls are desolate; there is no one whose heart swells with pride at the thought of her present condition.

Why is it that even our institutions of learning were not spared the wrongs inflicted upon our State? Was it necessary? Did it give dignity to the Radical policy toward the Southern prople? No, it was not necessary, but was done merely to place Radicals in office. It is a disgrace to their party, an ever enduring monument of their corruption, that even our University must be made the object of their malignity.

While almost every other Southern State has flourishing institutions of learning, the doors of our University are closed and our young men are seeking an education outside of our borders. If nothing else was sufficient, this one act of a Radical Legislature of North Carolina should be sufficient to forever sink it in the eyes of the people.

Our energies should be exerted towards bringing our University to its former high standard; can it not be done? It deserves the serious consideration of the people and our Legislature, and if any measures can be adopted by which this object can be accomplished, we trust it will not be delayed. Let us again be able to boast of it and let it not be neglected longer.

OUR DUTY.

In the present condition of national politics, it becomes the duty of every man to strive for the establishment of the cause of reform. The only question which presents itself is, whether it becomes his duty to support him who will be the most suitable man for President of the United States, or whether he should cast his vote for a man whose past conduct has proven him to be incapacitated for so important a trust and who is too corrupt to share the confidence of the American people. In short, he must decide whether Greeley or Grant shall be the next occupant of the Presidential chair.

Can any one who loves his country, who has her interest at heart, long hesitate as to what he should do? On the one hand, we offer to the people of the United States a man who has ever been true to principle, who has ever made the Constitution his guide, who advocates it in all of its purity, and who works for the interests of the country.

The views of Horace Greeley are eminently conservative; the total disregard of law whsch the Radical party has shown proved to him the utter hopelessness of reform within its ranks, and he seeks a remedy for the evil elsewhere.

Grant, on the other hand, never has, and never will, labor for the good of the country; any man who has been so notoriously corrupt in the past will not hear appeals in the future. Read the history of his administration if you wish to find a dark page in American history.

Knowing the circumstances of the case, having scanned the public acts of each candidate, can a man long debate as to the proper course to pursue? If you desire discord and despotism, vote for Grant; if peace and happiness form the burden of your desires, vote for GREELEY.

A WORD OF WARNING.

We give place to the following editorial from the Washington *Patriot*, of a recent date:

Mr. Greeley showed himself to be far more wise than a good many of his most ardent supporters when, in his letter of acceptance addressed to the Democratic committee, he hinted that one of the leading causes of complaint out of which the Liberal movement grew, was the general consciousness pervading the people that there should be a cessation of exclusive legislation for the black man, and more care given to the larger interests of the white man.—*Mutatis mutandis*, the same thing may be said of the conduct of the present campaign, where so much effort is made to secure the co-operation of the negro and the negro's friends that there begins to be danger lest the white man should be overlooked, and some of his support lost in consequence. Mr. Summer's letters were manly, generous, opportune, and they will doubtless help the cause of Liberalism both in the North and in the South. Saunders is a clever speaker, and does not lack either tact or modesty. But Mr. Sumner showed what he feared concerning his influence with his *proteges* by the *date* of his letter, and Saunders—well, Saunders did not set Halifax county on fire. The fact of the business is, the Liberal party is a heterogeneous one, and to succeed, must divide the labors of its champions. The negro vote, the German vote, the Irish vote, the Republican vote, the Democratic vote, all find in the Liberal candidate and platform a broad *point d'appui* upon which they can unite their forces to save the Republic and restore honest government. But let Mr. Sumner and Mr. Saunders and others give the negroes good reasons why they should support Greeley; let Mr. Schurz and Dr. Ottendorfer convince the Germans in the same way; let Republicans fetch over Republicans, and Democrats reason with Democrats. Any other policy will be fatal. Any attempt to assume that the supporters of Mr. Greeley, because they have united for a common object, have suddenly grown to be a homogeneous new party, will be the height of absurdity. As Mr. Jere. Black showed in his admirable letter the other day, Democrats have grounds for supporting Mr. Greeley which are entirely outside and independent of the fact that he has been a Republican and a negrophilist. Those who ask Democrats to go for Mr. Greeley upon the same grounds that Sumner asks the negroes to go for him have no conception of the real issue, or are double-dealers.

There is danger in this matter, or we would not allude to it, and it is a danger which the shrewd and unscrupulous managers for Grant long ago scented out and are trying to profit by. In point of fact, the Grantites in the South, as soon as they found that Sumner and Greeley were likely to go away from them, *began to hedge on the Southern negro vote.*

Neither Grant nor his friends have any fondness for the negro, nor confidence in him. They know that there are three white votes in the South for one negro vote, and they have been trying for years to swap off one for the other. That is the secret of the pitiful huckstering of the Administration with Longstreet, Jim Orr, Akerman, Settle, Mosby, &c. *This is the sole reason why J. S. Casey remains to this day Collector at New Orleans.* Casey tried to make a league the Custom house with the Democrats, that would send him to the United States Senate and squelch Warmoth. The league failed, because the Louisiana Democrats had no confidence in Casey. The Grant "hedge" fails, because the Southern Democrats will have no dealing with Grant.

MR. BOUTWELL AGAIN.

Mr. Boutwell having so successfully uttered the sentiments of his master, Grant, in North Carolina, is to be sent to Pennsylvania to make speeches there in his behalf.

The Administration is evidently uneasy not only in regard to Pennsylvania, but some of the Western States are objects of his solicitude. Boutwell is his most willing tool, therefore his mission.

The total amount of capital invested in the roads centering in Chicago is over $400,000,000.

MR. GREELEY'S SPEECH AT PORTLAND.

On Thursday, the Liberal condidate for the Presidency, Mr. Greeley, addressed a meeting in Portland, which does credit to the head and heart of the philosopher. No bickerings marred its delivery, but it was a plain statement of facts and an answer to some of the charges which have been made against him.

Mr. Greeley states that no one has ever made appointment to office a condition of giving his support. Since his nomination, he says he has received a hint from some of the smaller fry of politicians that he might increase his chances of election by promising a post office or some such place to the aspirant, but he gave general notice, that should he be elected, he will consider the claims of "these untimely aspirants after those more moderate and reticent shall have been fully satisfied." Office seekers, therefore, can be satisfied that it is useless to urge their claims.

The following from his speech we publish, desiring to give as much publicity as possible to it, as it is a refutation of the falsehoods which some have invented.

"One other point demands a word. Those adverse to me ask what pledges I have given those lately hostile to the Union, to secure their favor and support. I answer, no man or woman in all the South ever asked of me directly or through another any other pledge than is given in all my acts and words, from the hour of Lee's surrender down to this moment; no Southern man ever hinted to me an expectation, hope or wish that the rebel debt, whether Confederate or State, should be assumed or paid by the Union, and no Southern man who could be elected to a Legislature, or made Colonel of a militia regiment, ever suggested the pensioning of all the rebel soldiers or any of them even as a remote possibility. All who nominated me were perfectly aware that I upheld and justified Federal legislation to repress Ku Klux conspiracy and outrages, though I had long ago insisted as strenuously as I now do, that complete amnesty and general oblivion of the bloody past would do more for the suppression and utter extinction of such outrages than all the force bills and suspension of the *habeas corpus* ever devised by man. Wrong and crime must be suppressed and punished, but far wiser and nobler is legislation, the policy by which they are invented.—From those who support me in the South, I have heard but one demand, justice; but one desire, reconciliation; they wish to be heartily reunited and at peace with the North on almost any terms which do not involve the surrender of their manhood, they ask that they should be regarded and treated by Federal authority as citizens not culprits, so long as they obey and uphold every law consistent with equality and right,"

He was also severe in his remarks on the carpet baggers.

Can any one find anything in Mr. Greeley's speech which they cannot make one of the planks in their own platform? It breathes the true spirit of reconciliation and peace, and discarding all prejudices, he stands on a platform broad in its scope, embracing everything necessary for the peace, dignity and honor of the country.

THE LOUISVILLE CONVENTION.

The movement of Mr. Blanton Duncan and others to hold a Convention at Louisville for the purpose of nominating a third, or straight Democratic, ticket, amuses while it does not excite apprehension in the minds of any. The movement is really too small for any results to follow from it which may be detrimental to the cause of reform.

Grant politicians, indulging the vain hope that they can create a split in the Liberal ranks, give "aid and comfort" to the movement and are among its most active supporters. Does any one deny this? We commend the following to him:

WASHINGTON, D. C., July 30, 1871.

Dear Sir:

Please send the enclosed circular to active Democrats in your district who do not support Greeley and will co operate in the Louisville Convention.—Send me a list of such men in each county immediately.

J. M. EDMUNDS,
Secretary.

This letter was addressed to a Republican in Little Rock by the post master at Washington City, and enclosed a circular for Duncan's Convention.

The whole thing is so insignificant that we do not believe that even a nomination will be made at Louisville, and should a full ticket be put forward, its strength will hardly be felt.

The people recognise the urgent necessity of healing all dissension in their ranks, they have made love of country subservient to every other consideration, they are determined to elect Mr. Greeley next President of the United States, and no such trick as this will have any effect upon them. Democrats and Liberal Republicans have surrendered their prejudices, and the efforts of others will not cause them to abandon the line of policy which they have adopted.

"OUIDA" IN COURT.—A question of international copyright is before the German law courts in which English authors have some interest. The lady known in literature as "Ouida" has authorized editions of all her writings in the Tauchnitz collection. Her last volume of tales, which is shortly to appear in England, was first published in the United States, and has been reprinted, against her protest, by Messrs. Asher & Co., Berlin. Two editions, therefore, are in the German market, and a law court will have to decide whether, from their point of view, an English author forfeits his copyright in England by first publishing in America.

THE New York *Tribune*, of Thursday, thus speaks of the Caldwell majority in the late election:

Probably no candid person who has studied the returns of the North Carolina election and intelligently compared them with the percentages of previous elections doubted that Mr. Merrimon is chosen Governor of the State. But since the fourth day after the result was first announced, it has been clear that a desperate attempt was making by the Administration party fraudulently to give Caldwell a semblance of victory. All the facts point to the existence of such a scheme, and the latest reports from the State show that it will be abortive. By the time the Legislature meets, sufficient fraud will have been proved to overcome the slight majority which the friends of Caldwell now claim for him, and the temporary advantage of the Administrationists must fade. Nothing could more forcibly illustrate the desperation of the Office-Holders' party than its extraordinary efforts to gain in North Carolina even this fleeting shadow of a victory.

AN ORANGEMAN'S RECEPTION.—Mr. William Johnson, member of Parliament for Belfast, a leading Orangeman in Ireland, who has on one or two occasions been conspicuous in demonstrations against the law which prohibits party processions there, was received at the Cooper Union, Monday evening by the Orangemen of New York, and made in response a somewhat extended address. He defended the Orange celebrations; the days they commemorated were festivals of civil and religious liberty, and in that spirit they were kept. His allusions to the British Protestant heroes and anniversaries—the day on which he spoke being one of them, that of the deliverance of Derry—were received with hearty applause. The audience was large.

SPECIAL NOTICES.

A PERILOUS SEASON.—Glorious and delightful as the Summer weather is, the physical heat is a severe trial to the feeble and infirm. Even the strongest are frequently prostrated by its effect. The common phrase applied to this condition of the system is "general debility." Now, general debility arises from, and includes a host of ailments. The liver is more or less deranged, the bowels are either constipated or much relaxed, the stomach but poorly performs the work of digestion, the appetite is poor, and the spirits depressed. This is what is called general debility, a general disarrangement of all the functions, and requires as a remedy a medicine that will regulate them all. Hostetter's Stomach Bitters is specially adapted to this purpose. Its general action is not confined to a single organ. If the liver is affected, it restores its longer lost tone; if the stomach is torpid, it regenerates it; if the nerves are tremulous and weak, it imparts to them strength; if the mind, which sympathizes with the body, is gloomy and despondent, it relieves the difficulty, and soon brings the whole mechanism of the body into harmony with itself.

There is no civilized nation in the Western Hemisphere in which the unrivaled Hostetter's Stomach Bitters as a tonic, corrective and anti-bilious medicine, is not known and appreciated. Throughout the Tropics it is considered, both by the people and the profession, the standard specific. While it is a medicine for all seasons and climates, it is especially suited to the climates of Virginia, where sudden changes of weather, by which the health of the system decline. Of all the ailments and infirmities to which the dwellers, Dr. Walker's Vinegar Bitters is the safest and most infallible. There is no disease, arising from depravation of the blood, which it will not speedily cure.

FOR DYSPEPSIA, Indigestion, depression of spirits and general debility in their various forms; also, as a preventive for Fever and Ague, and other intermittent fevers, the Ferro-Phosphorated Elixir of Calisaya, made by Caswell, Hazard & Co., New York, and sold by all Druggists, is the best tonic, and as a tonic for patients recovering from fever or other sickness has no equal.

THURSTON'S IVORY PEARL TOOTH POWDER.—The best article known for cleaning and preserving the teeth and gums. Sold by all druggists. Price 25 and 50 cents per bottle. F. C. Wells & Co., New York.

CHRISTADORO'S HAIR DYE stands unrivalled in the world. No lady or gentleman of discrimination uses any other. It is the most perfect, reliable and effective Hair Dye in the world. Manufactory, 16 Astor Lane, New York.

CARBOLIC SALVE, recommended by physicians, as the great Healing compound. Price 25 cents per box. John F. Henry, Proprietor, 8 College Place, New York.

RISLEY'S BUCHU is a reliable Diuretic Tonic for all derangements of the urinary and genital organs. The genuine, formerly sold by Haviland, Harral & Risley, and their branches, is now prepared by W. Risley, the originator and Proprietor, and the trade supplied by his successors, Morgan & Risley, New York.

SVAPNIA, or opium purified, the most perfect anodyne in the market, made by process of Dr. I. M. Bigelow, Detroit Medical College. Is always uniform in strength, which is rarely the case in other preparations of Opium.

PRATT'S ASTRAL OIL, has a world-wide reputation as the safest and best illuminating oil. Over two million gallons have been sold for the past two years, from which no accidents of any description have occurred. Send for circular. Oil House of Charles Pratt, established 1770, New York.

WE HAVE FREQUENTLY HEARD mothers say they would not be without Mrs. Winslow's Soothing Syrup, from the birth of the child until it has finished with the teething siege, under any consideration whatever.

THE SECRET OF BEAUTY.—What is it no longer asked, for the world of fashion and all the ladies know that it is produced by using a delightful and harmless toilet preparation known as G. W. Laird's "Bloom of Youth." Its beautifying effects are truly wonderful. Depot, 5 Gold Street, New York.

KOSKOO.—This celebrated Medicine has attained a high reputation, as a reliable remedy for Purifying the Blood, Restoring the Liver and Kidneys to a healthy action, and "Toning up" the Nervous System. The numerous and remarkable cures of the worst forms of Scrofula, Dyspepsia, Rheumatism, Liver Complaint, Kidney Disease, Eruptions of the Skin, Nervous Prostration, &c., has caused it to become a standard remedy. It is now prescribed by physicians, and recommended by our best citizens. and-1m

A WHOLE PEOPLE'S OPINION.—When a nation of forty millions accepts and endorses as a STANDARD RESTORATIVE an article that it has had the fullest opportunities of testing during a period of twelve years, who can be so absurdly incredulous as to doubt the excellence of the preparation? PLANTATION BITTERS has passed through this ordeal and is now the most popular proprietary medicine on the continent. It would be difficult to find an adult of either sex between the Atlantic and the Pacific or between the northern corner of Maine and the Gulf of Mexico who does not know, either from personal experience or observation, that this renowned vegetable remedy is the purest tonic and stomachic and the finest alterative and regulating medicine at present before the world. As a preventive or cure for diseases generated by malaria, and as a specific for dyspepsia, debility and all nervous and bilious affections, it is admitted to be fairly pronounced the Great Household Tonic and Alterative of the Western Hemisphere.

ASTHMA.—JONAS WHITCOMB'S REMEDY. Prepared from a German recipe obtained by the late Jonas Whitcomb, in whose practice it alleviated this disorder in his case when all other appliances of medical skill had been abandoned. Joseph Burnett & Co., Boston. For sale by all Druggists.

SUBSTITUTES IN THE DENTAL RANKS not desirable; therefore, keep the natural teeth sound and pure with that wholesome vegetable elixir, Sozodont. Do this and they will last as long as the breath itself will never be tainted.

TO OWNERS OF HORSES AND CATTLE.—Tobias' Derby Condition Powders warranted superior to any others, or in use for the cure of Distemper, Worms, Coughs, Hyde Bound, Cold, &c., in Horses and Colds, Coughs, Loss of Milk, Hide Bound, Tongue, Horn Distemper, &c., in Cattle. Price 25 cents. Depot, 10 Park Place, New York.

PHYSIOLOGISTS SAY THAT OUR BODIES are renewed once in seven years. The material of which they are reconstructed is the blood, and unless it be fully charged with the elements of vitality, the strength and health of the system decline. Of all the impoverishers, Dr. Walker's Vinegar Bitters is the safest and most infallible. There is no disease, arising from depravation of the blood, which it will not speedily cure.

Dr. W. H. Tutt:

AUGUSTA, November, 1871.

It affords me much pleasure to testify to the great value of your Liver Pills. They are all they are represented to be. In my opinion, there are no Pills so well adapted to the southern climate as they are.

Yours truly,
JOS. BRUMMEL, late of Richmond, Va.

Leap to Death--Shocking Trapeze Accident.

One of the employ of Barnum are proba... the two most daring trapeze perform... in the country, Fred Lazelle and ... Millson, who have probably ven... more daring feats than any other ... and in the pursuit of this ... dangerous profession have received more ... and serious falls through their ... reckless daring, amounting at times ... to recklessness, than fall to the lot of ... many mortals. Their bodies are ... covered with sores and traces of bruises ... received in their profession.

Last year, at Pittsburg, Millson, while ... performing a very difficult feat in a ... trapeze, fell and came near breaking his ... neck. During the middle of this week, ... Lazelle was making his flying leaps, where ... he turns a somersault from the trapeze ... bar to the slack rope that he catches, he ... says. This leap is called the leap of life, ... and is only successfully attempted by ... men of nerve and daring. The ... greatest attended with the greatest ... danger. One must remember that to ... perform the trapeze forty feet in height and ... turn a somersault toward a slack rope ... fifteen feet away, which must be ... caught in order to save the fall, is not ... as easy as it looks to the spectator from ... his seat on the benches.

On Saturday afternoon, at the morning enter... tainment, one of the most thrilling in... cidents occurred during the performance ... of the trapeze act, occasioned by the ... breaking of the trapeze mechanism just after ... Lazelle had left it on his flying ... leap, while Millson was on the ... platform, and a gymnast and tumbler by ... the name of George North, who was ... also on the trapeze at the time of its fall, ... would probably even worse injuries ... than the other two.

The trapeze act was on about fifteen ... minutes after 11 o'clock. The attend... ance in the hippodrome at that time ... numbered about 5,000 people, a large ... portion of which were women and ... children. Every act of the forenoon's ... programme had passed off pleasantly, ... the atmosphere was just cool ... enough so that no one suffered from the ... heat, the interest of the spectators, ... seemed to be quickened when ... the ringmaster announced that the ... next act was on, which would in... clude among its difficult feats the fa... mous leap for life.

Lazelle came running into the ring ... and Millson passed under the trapeze ... bar, one end of the red cloth ... between his teeth that was to carry him ... aloft, and grasped hold of the other ... with his two hands on the outer ... bar, his hand over hand he swung ... himself just as easily as one would go ... up a flight of broad, easy stairs. Then ... Millson, and while the audi... ence were silent and thrilled with fear ... and expectation, the two gymnasts went ... through their regular work quietly and ... coolly. When the finale of the act was ... reached, the flying leap for life, every ... one almost held his breath. Two at... tendants ran out to the rope at which ... the performers were to spring and pull... ed it out taut.

Lazelle sat meanwhile just ahead of ... Millson, who was at the farther end of ... the trapeze, calmly waiting his turn.— ... Lazelle's dark face wore its usual calm ... expression. He had no thought of a ... fall. When the signal was given below ... that all was ready he quickly dropped ... his head between the trapeze bars, and ... while hanging by his feet he gave a ... swinging leap towards the rope.

Suddenly he leaves the trapeze. His ... "pinks" flash through the air as he ... catches the rope. The rope swings ... back from the momentum of his fall, ... and then the gearing of the trapeze be... comes loosened by the giving of the ... rope, and the trapeze begins to shake as ... if it would fall. A groan of horror ... goes from the crowd, an awful second ... of expectation, when, like a flash of ... lightning, down comes the trapeze with ... poor Millson, bringing Lazelle with it, ... and hurling them with great force to ... the ground. A tumbler by the name ... of George North, underneath, received ... the full weight of Millson with the tra... peze, and was stretched out for dead ... upon the sawdust.

A scene of the wildest confusion fol... lowed. Ladies fainted, children cried, ... and the crowd pressed forward towards ... the three men who lay senseless in the ... sawdust arena. But the active atten... dants of the show were too quick. ... Before the crowd could fairly realize ... what was done, the three men were ... transferred to the dressing rooms and ... surgical aid sent for.

Lazelle was injured the least of any, ... and shortly afterward, although feeling ... sore, made light of the disaster.

Millson is more seriously hurt. At ... the time the writer left him he thought ... his ribs were broken. But this was ... before the arrival of surgical aid.

George North was injured the most ... seriously of the three, as his injuries ... were of an internal character.—St. Louis ... *Journal*.

DEATH OF THE PRESIDENT OF PERU.—Jose Balta, President of Peru, was assassinated on the 12th of July by Gutierrez, the leader of the revolution against his government. General Jose Balta was a native of the northern por... tion of Peru, and amongst the people of that portion of the republic he was very popular. In the rising against the government of President Pardo he led the revolutionists in the North, while General Canseco, whom Pardo had deposed, headed the disaffection in the South. On the overthrow of Pardo the presidency was disputed between Canseco and Balta, ending, however, in the success of the latter, who has administered the government with great firmness and success, adopting, on the whole, the very able policy of his predecessor. Balta paid great atten... tion to the development of the indus... trial resources of that country, and main... ly through his instrumentality was ... gotten up the National Exposition ... recently opened at Lima.

THE PRUSSIANS AND THE CHASSEPOT.—The Colt Arms Company, at Hart... ford, has just received an order from the Prussian Government for the manufac... ture of 80,000 improved Chassepot guns, to be used with metalic cartridges. The work is to be completed in four years, and the price will be about $1,... 000,000. Warlike preparations seem to be going on in all the European countries.

Switzerland exports $4,000,000 worth of cheese a year, that being almost the only article of export from that country.

THE YARBOROUGH HOUSE FOR SALE.

By virtue of a judgment rendered at Spring Term, 1872, of the Superior Court of Wake County, in the action entitled William R. Pool, Executor of Edward Yarborough, dec'd, vs. Hannah H. Yarborough and others, the heirs and devisees of the said descendent, I will on

The 31st Day of August Next,

expose to public sale, on the premises, the valuable property known as the Yarborough Hotel.

This property is situated on the Eastern side of Fayetteville street, in the city of Raleigh, and embraces about one acre of ground—it is one of the most central points in the city, being not more than four hundred yards distant from the Depots of the Raleigh & Gaston, the Raleigh & Augusta Air Line, and the North Carolina Railroads; within one hundred yards of the proposed Masonic Temple; the same distance from the Post-office and Federal Court House; on the opposite side of the street from the Wake County Court House, and within five minutes walk of the Capital.

The hotel building is three stories high and contains forty-seven guest chambers, a dining room, two parlors, a reception room, office and three family rooms. The rooms are commodious and well ventilated; the passages are broad and spacious; the dining room, parlors and office are large, well lighted and comfortable, both in summer and winter.

All the buildings on the premises are in excellent order, and afford every convenience to hotel keeping.

The terms are as follows: One-fourth of the purchase money in cash; the residue in three equal instalments, bearing interest, at six, twelve and eighteen months from the day of sale; the first of the credit instalments to be secured by bond with at least one good surety, title withheld until payment of the purchase money; and so long as any part of the purchase money remains unpaid, the purchaser to insure the buildings on said lot, in a sum equal to such unpaid balance, the loss, if any, to be applied to the payment of said purchase money; and should the purchaser fail so to insure the said buildings, I shall have the power to effect such insurance and the money so expended by me to be deemed a part of the purchase money, bearing interest from date of expenditure, and be payable at the same time with the instalment of purchase money next thereafter falling due. WILLIAM R. POOL,

Ex. of Edward Yarborough, dec'd.

VALUABLE LAND FOR SALE IN THE COUNTY OF WARREN.

I offer for sale, five hundred and two (502) acres of land, situated in the county of Warren, on Shocco Creek, adjoining the Sulphur Springs. Tract of Col. J. M. Heck, on both sides of the Turnpike Road, leading from the Sulphur Springs to the flourishing Town of Ridgeway, on the Raleigh & Gaston Railroad, and nine miles from the latter place. There is an Overseer's house, three cabins, corn-crib and stables on the premises. About one-fourth (¼) of the tract is in original growth of oak, hickory, &c., one-fifth in second growth pines. The soil is sandy, loam and chocolate—surface undulating—well watered, and about 80 acres of rich bottom land. It yields excellent crops of corn, tobacco, wheat, oats, clover, &c. This is one of the best tracts of land in this section, and will be sold on reasonable terms.

Dr. George Fields, who resides near the land, will take pleasure in showing it to persons wishing to examine it, and is authorized to negotiate for its sale.

SPECIAL FEATURES AND ADVANTAGES.

1st. No restriction on Residence or Travel.

2d. No extra charge on lives of Females.

3d. Policies incontestable after Five Years

4th. The rates of Interest on the Funds of the Company are higher than those on the Funds of Companies located in other States, thus insuring larger Dividends to Policy Holders.

5th. The Directors and Officers of the Company are prominent NORTH CAROLINIANS, who are KNOWN to be men of INTEGRITY and WORTH.

6th. The Company is established on a solid and permanent basis, steps having been taken to increase the Capital Stock to $500,000.

7th. ALL THE FUNDS OF THE COMPANY ARE INVESTED IN THIS STATE AND CIRCULATED AMONG OUR OWN PEOPLE. This fact should commend the Company, above all others, to North Carolinians. It is well known that hundreds of thousands of Dollars in Life Premenms are annually sent North to enrich Northern Capitalists, thus continually draining our people of immense amounts which should be kept at home. On this ground the friends of this Company confidently appeal to every son of the Old North State, and ask their support for this HOME INSTITUTION, which, while it offers substantially all the advantages of Northern Companies, helps to build up HOME INTERESTS.

GREEN FIELDS JUST IN SIGHT!

At the portals of the morning,
Stood a child with dainty feet,
All about him golden sunshine,
Pearly dew and blossom sweet;
And with tender, dimpled fingers,
Plucked he flowers fresh and fair,
And the overhanging branches
Showed the dew drops in his hair.

Looking forward o'er life's pathway,
Saw he broader fields of green,
Skies with snowy clouds so fleecy,
Here and there blue shreds between;
And with swiftly flying footsteps,
Started he for fields more bright;
But in vain he hurried onward,
They were always just in sight.

Warmer, brighter, grew the sunshine,
Broader, rougher, grew the way;
But with green fields just before him,
Nothing could his footsteps stay,
So he wandered till manhood
Took the place of childhood fair,
Then he threw aside his flowers,
Wiped the dewdrops from his hair.

Onward, onward, toiling, striving,
Helping others with his might,
Desired he that the blooming fields
That are always just in sight
Lay within the cold dark river,
Here we only wish and wait,
Till the Master calls us over,
And unbars the pearly gate.
